<b>Farmington City Council Staff Report</b>	<b>Council Meeting Date:</b> March 5, 2018	<b>Item Number</b> 6
<b>Submitted by:</b> Charles Eudy, Superintendent		
<b>Agenda Topic</b> Terminate water service agreement and install well for 24136 Locust Street		
<b>Proposed Motion:</b> Move to approve Cribley Well Drilling of Dexter Michigan to install well and water softener for 24136 Locust Street in the estimated amount of \$13,000.		
<b>Background:</b> <p>Early in the 1960's resident at 24136 Locust Street was permitted to attach to the City of Farmington water distribution system in Oakwood Cemetery near the water tank. This location of attachment provides the minimum required pressure to remain in compliance of AWWA and MDEQ standards. The resident has installed a bladder tank and booster pump in his residence to increase the water pressure. Due to the low water pressure this location this is a hazard to the Tank district. In the event of a failure, a boil water advisory would need to be issued for the area from 8 Mile to 10 Mile and Orchard Lake to Cass Street.</p> <p>The water tank is scheduled for service beginning March 19, 2018. At that time the resident would have no water service for a period of five weeks. Several well drillers have been contacted to provide a quote, only Cribley Well Drilling can complete the installation before the tank is removed from service.</p> <p>The resident will be required to authorize the termination of water service in exchange for the installation of the well and water softener. The total cost of the well will be determined by the depth of the well and the requirements of the water softener. The resident will be required to repay the City all cost for the installation over a 10 year term. Bills will be issued to the resident on a quarterly basis, in the event the current resident sells his home the remaining balance will be due in full.</p>

More commonly known as:

24136 Locust, Farmington Hills, MI 48335  
Tax Parcel ID: 22-23-21-453-002

(the "Property")

WHEREAS, the City of Farmington Hills does not currently have a water main adjacent to or near the Property and cannot supply the Property with water from its public water supply system;

WHEREAS, the City owns and operates a public water main adjacent to the parcel and had the ability to supply water to the Property from the City's nearby public water storage tank;

WHEREAS, City and Owner entered into a Water Supply Contract, dated February 22, 1999, (the "Water Supply Contract") pursuant to which the City of Farmington agreed to supply water to Owner outside of the City's boundaries.

WHEREAS, the City is no longer able to supply water to the Property with adequate water pressure to continue to meet all applicable laws and requirements.

WHEREAS, the City seeks to terminate the Water Supply Contract and to disconnect the Property from the City's public water supply system.

WHEREAS, as an alternative continuing the connection to the City's public water supply system, the City will agree to facilitate and fund the installation of a private well system on the Property subject to the Owner's repayment the cost of the well installation over time by paying \_\_\_\_\_, per quarter, ~~which is equivalent to the amount of the average water bill paid by Owner to the City over the past \_\_\_\_\_.~~

**NOW, THEREFORE**, in consideration of these premises and the mutual promises, representations, and agreements set forth in this Agreement, and for other good and valuable consideration, the receipt and adequacy of which is hereby acknowledged, the Owner and the City mutually agree as follows:

1. Project and Estimate of Cost. The Project shall consist of the installation of a single residential well system on the Property, including \_\_\_\_\_, and also including disconnection from the City's public water supply system, as set forth in the attached and incorporated Exhibit A (the "Project"). The Project shall be constructed substantially in accordance with the plans and specifications reviewed and approved by the Parties. The estimated cost of the Project is set forth in Exhibit A.

2. Contractor. Owner has chosen, and the City has agreed to retain the Contractor identified in Exhibit A to complete the Project (the "Contractor"). The City will enter into construction contract, procure from the contractor all necessary and proper bonds and insurance, cause the Project to be constructed, as set forth in Exhibit A

3. Project Variations and Change Orders. Following the award of the construction contract, the City, without Owner's consent, shall have authority to approve variations or changes during construction that do not materially change the location, capacity or overall design of the Project.

4. Contractor's Insurance. The City shall require all contractors and engineering consultants engaged for the Project to provide commercial general liability, umbrella or excess coverage, workers' compensation, and other insurance; and shall require the contractors to name or provide an endorsement naming the City and Owner, as additional insureds under the required insurance.

5. Permits. The City shall be responsible for obtaining all licenses, permits, certificates, and governmental authorizations necessary to perform all of its obligations under this Agreement. Upon request, the City will furnish copies of any permit, license, certificate or governmental authorization to Owner.

6. Compliance with Laws and Regulations. The City will comply with all federal and state laws, regulations, and requirements applicable to the obligations under this Agreement.

7. Ownership, Operation and Maintenance. After completion of the Project, Owner shall be the sole owner of the Project and shall be responsible for its continued operation and maintenance, including all on-going expenses for maintenance, repair and/or replacement of any

**Commented [CE1]:** Remove this language. Repayment shall be on an annual billing cycle following the water meter reading schedule and payment terms.

**Commented [CE2R1]:**

**Commented [CE3]:** Water conditioning system, mutually agreed upon by the homeowner and the City. The City will disconnect the resident from the community water supply at no cost to the customer

component of the private well system. The City shall have no continuing obligation to operate, maintain or repair the private well system, or any portion of the Project.

8. Recovery of Installation Costs. In consideration of the conditions set forth in this Agreement, Owner agrees to pay the entire cost of the Project over \_\_\_\_\_ years by making a quarterly payment to the City ~~in the amount of Owner's average water bill, which the parties agree is approximately \$\_\_\_\_\_~~ (the "Quarterly Payment"). Owner shall make all payments within 30-days of receipt of billings from the City. Late payments shall be assessed an additional charge in accordance with and in an equivalent amount to a delinquent water bill. In the event that Owner fails or refuses to pay its Quarterly Payment, as provided herein, the remaining unpaid costs, and all accumulated late charges and fees, shall become a recordable lien in favor of the City against the Property, and shall be recovered by the City upon sale of the Property. Any portion of the Project cost unpaid at the time Owner sells the Property shall be paid to the City from the proceeds of the sale of the Property, at the time of closing. When full payment is made, this Agreement shall be terminated and a termination of lien shall be recorded against the Property.

**Commented [CE4]:** Edit this language to reflect a 10 year term but not related to the customers current usage. Cost could be up to \$250 per quarter.

9. Release and Hold Harmless. Upon completion, inspection and approval of the Project, Owner shall assume all liabilities with respect to all components of the Project installed on the Property, and shall, to the fullest extent permitted by law, indemnify and save the City and its officers, directors, employees, and agents harmless from and against any claims by itself, or any third parties for injury, claim, loss, or damage to any person or property in or about the Property. Furthermore, Owner shall defend, indemnify and hold the City, its officers, directors, employees, and agents harmless from and against any claims, demands, actions, damages, injuries, costs or expenses of any nature whatsoever, fixed or contingent, known or unknown, including costs, expenses and attorneys' fees incurred by the City arising out of or in any way connected with the design, construction, use, maintenance, repair or operation of the Project.

**Commented [CE5]:**  
Will paragraph #9 relieve the city of all obligations at the "Time of Completion"  
Or should we include a date the customer must notify the City of any related restoration issues?  
Example: The Customer must inform the City within 1 month of project completion of lawn restoration or settling, in home installation of water condition system.

The indemnification provisions within this section shall survive the expiration or termination of this Agreement.

10. Governing Law. This Agreement is made and entered into in the State of Michigan and shall in all respects be interpreted, enforced and governed under the laws of the State of Michigan. The language of all parts of this Agreement is intended to and, in all cases, shall be construed as a whole according to its fair meaning, and not construed strictly for or against any party. As used in this Agreement, the singular or plural number, possessive or non-possessive shall be deemed to include the other whenever the context so suggests or requires.

11. Reservation of Rights; Governmental Function. This Agreement does not, and is not intended to impair, divest, delegate, or contravene any constitutional, statutory, and/or other legal right, privilege, power, obligation, duty, or immunity of the City. In addition, the City maintains that the obligations set forth in this Agreement will be in the exercise or discharge of a governmental function.

12. Severability. If any provision of this Agreement or the application to any person or circumstance is, to any extent, judicially determined to be invalid or unenforceable, the remainder of the Agreement, or the application of the provision of persons or circumstances other than those as to which it is invalid or unenforceable, is not affected and is enforceable, provided the invalid provision does not substantially alter the Agreement or make execution impractical.

13. Binding Contract; Assignment; and Amendments. This Agreement will be binding upon and for the benefit of the Parties hereto and their respective successors and assigns, subject to any assignment requiring the prior written consent of the non-assigning Party by an amendment to this Agreement signed by both Parties, and the assignor binding the assignee to the terms and provisions of this Agreement.

14. Counterparts. This Agreement may be executed in any number of counterparts, and each counterpart shall be considered a valid original.

15. Captions. The section headings or titles and/or all section numbers contained in this Agreement are intended for the convenience of the reader and not intended to have any substantive meaning and are not to be interpreted as part of this Agreement.

16. Entire Agreement. This Agreement sets forth the entire agreement between the County and the City and fully supersedes any and all prior agreements or understandings between them in any way related to the subject matter hereof. It is further understood and agreed that the terms and conditions herein are contractual and are not a mere recital and that there are no other agreements, understandings, contracts, or representations between the County and the City in any way related to the subject matter hereof, except as expressly stated herein. This Agreement shall not be changed or supplemented orally and may be amended only as otherwise provided herein.

17. Recitals. The recitals shall be considered an integral part of the Agreement.

**if your well is hooked up/completed during the winter months, there could be considerably more costs involved in digging thru the frost in the ground. This becomes charges added to our invoice.**

Cribley Drilling Co., Inc. accepts no responsibility regarding the well location. It is solely the customer's (person signing the estimate/contract) responsibility to locate the well in correct terms of proper distance to contamination sources, buildings, lot lines, etc...

We recommend "mud vacuum" especially for replacement wells. This service will eliminate most of the mud/water mess associated with the drilling process. Cost for 1st load (1400 gals or less) is \$625 add \$300 for each additional load thereafter.

While working on this project, Cribley Drilling will not be held responsible for damage to: asphalt or cement surfaces, sidewalks, and/or driveways while entering, leaving or moving equipment over these areas. Also we will not be held responsible for irrigation systems, lawns, trees, landscaping and shrubs/plantings. Not responsible for carpeting, wood flooring, or any damage inside while we are installing the pressure tank & fittings. If you would like to put down temporary floor coverings before we enter, that is recommended to limit damage to interior floor surfaces.

Yes, I want Option to place/remove plywood into/out of job site Usually 2-3 hrs @ \$135/hour (could be more than 2-3 hrs)

Yes, I want Silt fence placement/removal Usually 1-2 hrs @ \$135/hour

Yes, I want Mud Vacuum service (first load \$575) second load if needed @ \$300 usually only one load is needed

\*\*\*\*\*

Yes, I want Landscaping services to restore my \_\_\_\_\_ at a cost of \$ \_\_\_\_\_

We do not guarantee that you will get water that is free of coliform, arsenic, nitrates, tannin or any other substance that flows freely below ground.

Cribley Drilling Co., Inc., is required to be registered according to the Michigan Dept of Environmental Quality. All work will be performed under one of the following Registration Numbers: 81-2014, 81-1872 or 81-0524

Prices include material and labor. Any deviation from these charges involving extra material or labor will become an additional charge. These prices allow for general clean up of a site, NOT restoration to pre-drilling condition. Effort is made to minimize the disruption caused by heavy equipment but some disruption of grass and landscaping will occur and restoration of same is not included in the prices quoted herein. Trenching and backfill charges do not include restoration to original condition.

Acceptance of this estimate constitutes an acknowledgement that client will pay all bills in full within 30 days after billing unless prior arrangements have been made with Cribley Drilling Co., Inc. Bills not paid in 30 days will begin to accrue service charges of \$5.00 or 1 1/2 % per month, whichever is greater, and client hereby agrees to pay said service charges. If Cribley Drilling Co., Inc., finds it necessary to file a construction lien or any other legal action or collection against the owner or the property for non-payment of charges due, the customer agrees to pay any and all fees and costs incurred. (Including court costs, attorney fees and costs incurred by Cribley Drilling Co., Inc., collection agency fees or costs) All material remains the property of Cribley Drilling Co., Inc. until the bill is paid in full and client agrees Cribley may reclaim equipment not paid for as agreed herein. Cribley Drilling Co., Inc. warranty issued only upon full payment of all bills.

### ACCEPTANCE OF ESTIMATE

Terms: Payment in full before or upon completion of installation unless other arrangements are specified herein and agreed to by Champion Water Treatment prior to commencement of work. A 1.5% charge will be added to unpaid invoices.

All materials remain the property of Champion Water Treatment until the bill is paid in full and Champion Water Treatment reserves the right to remove equipment for which payment is not made as agreed.

The above prices and conditions are hereby accepted and Champion Water Treatment is authorized to do the work as specified. The undersigned, hereby agree that in the event of default in the payment of any amount due, and if this account is placed in the hands of an agency or attorney for collection or legal action including a construction lien, to pay an additional charge equal to the cost of collection or lien including agency and attorney fees and court costs incurred.

The title to the equipment covered in this order shall remain with Champion Water Treatment until equipment is paid in full by the PURCHASER or bank. The PURCHASER agrees to buy the equipment specified herein at the price stated.

It is further agreed by the PURCHASER that Champion Water Treatment cannot be responsible for conditions resulting from existing facilities, outside drainage, water supply, or water pressure below 15 p.s.i., electrical power, pump, or sand in the water supply, weather and other conditions beyond its control. PURCHASER(S) shall be responsible for weather protection.

If water contains elements that were not detected at the time of sale by a water test, additional equipment may be needed at an additional cost to PURCHASER.

The warranty of the equipment has been explained to me. Labor and Parts beyond Warranty Date are the Responsibility of PURCHASER.

Estimate must be signed and returned by 60 days to remain valid.
